

## FRACTURE & FAILURE SERVICES TO THE RETAIL SECTOR

Glass Technology Services Ltd is an independent laboratory providing a comprehensive range of services related to glass manufacture and use. Our services are provided by experienced, multi-disciplined staff specialising in all aspects of glass technology. Many of our services are UKAS accredited.

Many retailers and their suppliers already benefit from our services in establishing the suitability of glass articles for use, such as, investigating the failures of glass products and testing the compliance of glassware to national and international standards.

Our services are often used to investigate glass-related consumer complaints, including Trading Standards and Environmental Health enquiries.

The benefits of using Glass Technology Services Ltd are access to glass specialists with industrial experience providing services that are independent, confidential and flexible.

Related services include Mechanical Testing, Assessment of Defects, Durability Testing and Consultancy.
